ANIMATION AND VISUAL DEVELOPMENT EXPERIENCE

Computer Animator, Ringling College of Art & Design, Sarasota, FL, September 2018 - February 2021

As part of an upper-level course, produced 15-second scenes to demonstrate weight, force, character emotion and story:

- Created story, thumbnails, and storyboards for the animation short.
- Designed characters and environments, planned animation with thumbnails, painted color-keys for better planning of lights and colors in the scene.
- Filmed references for the better understanding of the timing, posing, and animation for the characters.
- Modeled and textured characters, environments, and props, lit scenes, animated pose-to-pose, recorded sounds, put together the scene for the final render.

Story Artist, Ringling College of Art & Design, Sarasota, FL, September 2018 - February 2020

As part of an upper-level course, worked under time-sensitive deadlines to develop 45 seconds stories for animation:

- With supporting visuals, pitched ideas to class; brainstormed with the classmates to find the best solution. Filmed exercises as a reference to enhance emotional moments in each story.
- Developed storyboards based on video reference and class critique, edited boards into animatic with recorded sound.

Character Design Artist, Infographica Studio (TV Series), digital artist, November 2019 - January 2020.

- Created visual concepts of characters, turnarounds, character expressions for the animated series following the tasks by the Art Director.

Digital Artist, Group Company AK-service (Supplier of In-Flight products), digital artist, October 2015 - August 2017.

- Created visual concepts of characters, environment and layout designs for children books and suites for In-Flight products using digital art skills and Adobe Photoshop.
- Brainstormed with the design team about the design choices.

Visual Development artist, Vancouver Film School, Canada, Vancouver, October 2015 – October 2016.

As part of an upper-level visual development course, worked under tough deadlines on several visual art projects.

- Designed props and vehicles, environments and locations following the given brief.
- Pitched visual ideas for the final project, fully designed characters, turnarounds, expressions, poses, color-keys, key arts, character's props and project environments using my digital art skills in Adobe Photoshop and modeling skills in Autodesk Maya and Zbrush.
- Composed all the visuals together for the final project presentation.

Story Artist, Vancouver Film School, Canada, Vancouver, October 2015 – October 2016.

As part of an upper-level visual development course, worked under deadlines to develop stories for an animation series.

- Worked with a team on a storyboard and animatic for the full episode of an animation TV-series following the real script and using recordings of the voice actors.

Creator, Story Artist, Digital Artist “*Wind Rose*”, February 2017- Present

- Created 8 chapters of the full-color webcomic with about 25-75 pages in each chapter.
